

M.L.D. BOWL CLEANSE™

PRODUCT DESCRIPTION:

M.L.D. Bowl Cleanse is a phosphoric acid formula that provides disinfectant cleaning for the elimination of the many dangerous bacteria found in toilet bowls and urinals. The 25% phosphoric acid formula easily removes mineral deposits in toilets without harm to plumbing.

CLEANS STUBBORN RESIDUE:

The detergent system of M.L.D. Bowl Cleanse lifts off and emulsifies soil deposits for thorough cleaning. The detergents also aid the process of disinfecting by penetrating through the soil to reach bacteria. The germicidal agents eliminate bacteria effectively.

EPA Reg. No. 5741-3

EPA Est. No. 5741-OH-1

DEODORIZES/BREAKS DOWN SCALE AND LIME DEPOSITS:

The breakdown of scale, lime and organic soils eliminates the foul odors associated with restroom facilities. The added fragrance of M.L.D. Bowl Cleanse enhances the impression of 'just cleaned' by leaving a clean and fresh scent.

SAFE FOR PLUMBING AND SEPTIC TANKS:

Use of M.L.D. Bowl Cleanse will not harm plumbing and septic tank systems when used as directed. Formerly authorized for use by the USDA with a "C2" rating "For use in toilets and or dressing rooms".

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

CLEANING, DISINFECTING AND DEODORIZING TOILET BOWLS AND URINALS:

1. With swab mop applicator, remove water from bowl by forcing over trap.
2. Press swab mop against side of bowl to remove excessive water from applicator.
3. Saturate swab mop with Bowl Cleanse (1-2 oz.) while holding applicator and bottle over bowl.
4. Swab entire surface area especially under the rim where water outlets are located.
5. Allow M.L.D. Bowl Cleanse to remain wet on surface at least 10 minutes.
6. Flush toilet several times and rinse swab mop applicator thoroughly.

For heavily soiled surfaces, a preliminary cleaning is required.

IMPORTANT – USE ONLY ON VITREOUS TOILETS OR URINALS.

Some fiberglass such as Sterling's Vikrell is not acid-resistant. Consult manufacturer's warranty. Test in inconspicuous area before use.

SPECIFICATION DATA:**Active Ingredients:**

Phosphoric acid25.00%

n-alkyl (C₁₄-50%, C₁₂-40%, C₁₆-10%)

dimethyl benzyl ammonium chloride.....0.05%

Inert Ingredients:74.95%

Specific Gravity – 1.14 @ 24°C/75°F

pH – <1

Density – 9.50 lbs./gal. @ 24°C/75°F

Color – Pink emulsion

Stability –

a. Shelf @ 24°C/75°F – In excess of 1 year

b. Accelerated @ 49°C/120°F – Minimum of 60 days

c. Freeze/Thaw Cycle – Product will withstand three freeze / thaw cycles

Biodegradable detergent
