

TnT[®]

foaming disinfectant cleaner

TnT is an active foam disinfectant cleaner that cleans, disinfects, and deodorizes bathroom and locker-room fixtures, tables, countertops, furniture, doorknobs, and other hard, non-porous environmental surfaces in one step when used according to directions.

Providing Quality Maintenance and Chemical Specialty Solutions with Unparalleled Customer Service

Spartan Chemical Company, Inc.

REMOVES MOLD AND MILDEW STAINS:

TnT removes mold and mildew stains. To control the growth of mold and mildew, apply TnT evenly to the surface about every 14 days and do not rinse. If the humidity is heavy, it might be necessary to spray the surface more often.

TnT's clinging foam penetrates and emulsifies soap scum, grime, grease, and other tough soils. Like many Spartan products, TnT cleans by "chemical action" rather than "physical action." Just spray and wipe. The can can be turned upside down and the spray works just as well.

KILLS GERMS:

Effective against the following Bacteria:

- Staphylococcus aureus
- Pseudomonas aeruginosa
- Salmonella enterica

Effective against the following

Antibiotic-Resistant Bacteria:

- Vancomycin resistant Enterococcus faecalis (VRE)
- Methicillin resistant Staphylococcus aureus (MRSA)

Effective against the following Viruses:

- HIV-1 (AIDS Virus)
- Hepatitis B Virus (HBV)
- Herpes simplex Type 1
- Influenza A2 England

NON-ABRASIVE:

TnT contains no harsh caustics or metasilicates to scratch or harm environmental surfaces. TnT will not pit or frost glass or mirrors and is safe to use on all hard non porous surfaces. EPA Reg. No. 5741-14

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

One-Step Cleaning/Deodorizing/Disinfecting:

1. Shake well.
2. Hold 6 to 8 inches from surface. Spray until thoroughly covered.
3. Wait 10 minutes and wipe.

TnT is a proven one-step cleaner, disinfectant virucide in the presence of moderate amounts of organic soil. For heavily-soiled areas, a preliminary cleaning is required.

To Control Mold and Mildew:

When used as directed above, TnT removes mold and mildew stains and odor. To control their growth, apply TnT evenly to the surface and do not rinse. Repeat application every 14 days or as necessary to maintain control.

****TnT kills HBV and HIV on pre-cleaned environmental surfaces/objects previously soiled with blood/body fluids** in health care settings or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of Hepatitis B Virus (HBV) and human immunodeficiency virus Type 1 (HIV-1) (associated with AIDS).

Special Instructions for Cleaning and Decontamination Against HBV and HIV-1 on Surfaces or Objects Soiled with Blood or Body Fluids:

1. Personal Protection: Exposure to blood or body fluids should be avoided by use of barrier protection such as latex or

other impervious gloves. Face shields and impervious gowns should also be worn if splashing of blood or body fluids may occur.

2. Cleaning Procedure: Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of the disinfectant.
3. Contact Time: Leave surfaces wet for 10 minutes.
4. Disposal of Infectious Material: Contaminated cleaning materials, blood and other body fluids should be autoclaved and/or disposed of according to local regulations for infectious waste disposal.

Be sure to read all Directions, Precautionary and First Aid Statements on product labels before use of this or any Spartan product. If questions remain, consult your employer or a physician. Material Safety Data Sheets for all Spartan products are available from your authorized Spartan distributor or by visiting www.spartanchemical.com.

SPECIFICATION DATA:

pH - 10.5-11.0

Fragrance - Mint

Solvents - Diethylene glycol monobutylethen

Stability - Shelf @ 24oC/75oF - One year minimum
