

LOTIONIZED LIQUID HAND CLEANER

PRODUCT DESCRIPTION:

LOTIONIZED LIQUID HAND CLEANER is a cosmetic hand cleaner. Excellent at removing soils and grease from hands, arms and body. The pink, mild viscous liquid has a light, refreshing floral fragrance.

LANOLIN – A NATURAL DERIVATIVE:

Blended with natural sterols and emollients, LOTIONIZED LIQUID HAND CLEANER is processed into a lotion through the incorporation of lanolin. The derived detergent system is water-based creating an affordable, yet mild, hand cleaner. The added enrichment of lanolin, a natural derivative from lamb's wool, keeps skin soft and supple. Gently cleans without over-stripping skins natural oils by balancing the natural oil of skin with lanolin.

KOSHER AND PAREVE:

Formerly "E1" rated by the USDA, LOTIONIZED LIQUID HAND CLEANER is Kosher and Pareve approved for Passover and year round use.

VARIETY OF USES:

LOTIONIZED LIQUID HAND CLEANER has been used as a lubricant for slipping windshields into rubber or plastic molds. Mobile home manufacturers have used it for years to slip the molding around windows and mirrors.

DIRECTIONS FOR USE:

1. Wet hands.
2. Apply a small amount (about 5 mls) of LOTIONIZED LIQUID HAND CLEANER to hands. Work to lather for at least 30 seconds.
3. Thoroughly rinse with water and dry.

DISPENSING:

Like all synthetic-based hand cleaners, LOTIONIZED LIQUID HAND CLEANER is recommended for use only in plastic or stainless steel dispensers. Its versatility permits use in surface and basin mounted dispensers, foot and elbow operated dispensers, latherns and gravity feeds.

Do not use in chrome-plated metal dispensers.

SPECIFICATION DATA:

pH (concentrate) – 7.5-8.0

Specific Gravity – 1.016 @ 24°C/75°F

Viscosity – 130 cps. @ 24°C/75°F

Color – Pink

Density – 8.46 lbs./gal. @ 24°C/75°F

Flash Point – None

Stability

- a. Shelf @ 24°C/75°F – One year minimum
- b. Accelerated @ 49°C/120°F – 60 days minimum
- c. Freeze/Thaw Cycle – 3 cycles minimum

Solubility – Completely soluble in all proportions with hot or cold water.

Non-toxic

Non-irritating

Formerly authorized for use by the USDA

Biodegradable

Phosphate free

PACKAGING:

LOTIONIZED LIQUID HAND CLEANER is packaged in the 330-gallon reusable tote; 55, 30, and 15-gallon drums; 5-gallon pails; standard gallons, four per case; and flat-top gallons for use with the Crank Dispenser, four per case. Label copy is available in English. Secondary labels are also available. 1000 ml bag-in-box cartridges, 12 per case, are available for use with Spartan's Clean Xpress Dispenser. Each cartridge provides up to 1,000 hand washings depending on the product viscosity.

Be sure to read all Directions, Precautionary and First Aid Statements on product labels before use of this or any Spartan product. If questions remain, consult your employer or a physician. Material Safety Data Sheets for all Spartan products are available from your authorized Spartan distributor or by visiting www.spartanchemical.com.

GUARANTEE:

Spartan's modern manufacturing and laboratory control insure uniform quality. If dissatisfied with performance of product, any unused portion may be returned for credit within one year of the date of manufacture.
