

VersiFect™

Cleaner, Disinfectant, Virucidal, Deodorizer

Peace of Mind

Reduce the Risk of Illness

VersiFect™ is a hospital grade disinfectant that kills a broad spectrum of bacteria and viruses. The power of peroxide makes VersiFect an environmentally friendly, all-purpose solution that is effective and safe to use on most non-porous surfaces.

VersiFect™

Cleaner, Disinfectant, Virucidal, Deodorizer

VersiFect™ is a resourceful multi-purpose solution for cleaning, disinfecting and deodorizing your environment. With the power of peroxide and a neutral pH at dilution, use VersiFect throughout your facility for clinical level results.

Don't just disinfect ... VersiFect!

THE BENEFITS OF A SOLUTION WITH HYDROGEN PEROXIDE:

PERFORMANCE: Hydrogen peroxide is extremely effective as a cleaner and deodorizer. Healthcare facilities have found quaternary ammonium compounds to be extremely effective in fighting against infections.

ENVIRONMENTALLY FRIENDLY: Hydrogen peroxide is non-toxic and does not harm the environment due to its natural components of water and oxygen.

SAFETY: Hydrogen peroxide-based solutions are gentle on equipment, making them an excellent choice as a cleaner.

COST-EFFECTIVE: A multi-purpose product makes the job simple and saves time and money.

WHERE TO USE:

- Glass and mirrors
- Stainless steel / Kitchens
- Restroom disinfection
- Floor cleaning applications
- And most other hard non-porous surfaces

MARKETS:

- Healthcare
- Schools and Universities
- Office buildings
- Restaurants
- Transportation
- Hospitality
- And many others

Note: This product contains Hydrogen Peroxide. This product must not be mixed or stored with products containing ammonia and bleach or other reducing and oxidizing agents.

DISINFECTION
